Possible Meeting Patterns

Following are three combined sections illustrating a matching meeting pattern, a skip (non matching) meeting pattern and combined classes with matching multiple meeting patterns.

w/ Matching Meeting Patterns

Start and End Dates and Times, Meeting Day(s), and Instructor are the same for each class making up a combined section. Instructor workload displays on each class however, pay table captures workload once as shown on the Instructor Assignment page in SIS. Meeting Pattern indicator is N.

w/ Skip (Non Matching Meeting Patterns

Start and End Dates, Times, and/or Meeting Day(s) are not the same for each class making up a combined section. Meeting Pattern indicator is Y.

w/ Multiple Matching Meeting Patterns

Start and End Dates and Times, Meeting Day(s), and Instructor are the same for each Meeting Pattern for each class making up a combined section.
